<b>Independent Community Service</b>	<b>Ankara, Turkey &amp; Istanbul, Turkey</b>
Led successful community mobilization efforts to furnish a new state school in Ankara Province that lacked government-provided resources. Coordinated funding initiatives and streamlined transportation logistics. Enhanced learning environments.	

## EMPLOYMENT

<b>The Istanbul Chronicle</b>	<b>October 2021 – May 2022 • 28 hours per week</b>
<b>Part-Time Lead Software Developer</b>	<b>Istanbul, Turkey</b>
Worked at an independent student-led newspaper. Oversaw the software development department. Designed, programmed, and maintained the newspaper website.	

**Wingie Enuygun Group**  
**Full-Time Web Development Intern**

**July 2021 – September 2021 • 45 hours per week**  
**Istanbul, Turkey**

Interned at a leading global multimillion-dollar travel internet company. Observed and attended the meetings of a back-end developer team. Presented solution proposals to company executives. Worked with experienced programmers on the development of an internal tool. Programmed and documented a microservice.

**EXTRACURRICULAR ACTIVITIES**

**The IBPS Programming Language**

**November 2022 – June 2024**

Created the IBPS programming language tailored for International Baccalaureate Computer Science students. Created an online educational platform where students can write, share, run, and test their code. The Koç School's Department of Computer Science has adopted the platform for its Computer Science curriculum starting Fall 2023.

**Koç NASA Club**

**Club Member • September 2021 – June 2022**  
**President and Mentor • September 2022 – June 2023**  
**Honorary President • September 2023 – June 2024**

- Spearheaded the Koç NASA Club, one of the Koç School's most selective and prestigious student clubs.
- Orchestrated the admissions process, including the design and evaluation of a written exam and interview.
- Competed in the NSS Gerard K. O'Neill Space Settlement Contest. Was awarded third place globally in the grade 11 large group category.
- Mentored, tutored, and supervised a team of grade 10 students that got awarded third place globally in the grade 10 large group category.
- Coached future leaders of the club as honorary president.

**ThreAIT**

**Researcher • November 2022 – December 2023**  
**Paris, France & Istanbul, Turkey**

**Research Project**

Developed ThreAIT: an artificial intelligence system for automatically detecting prohibited items in X-ray security screening. Supervised by Mehmet Ozgur Sahin, senior scientist at CEA Saclay Irfu, Paris-Saclay University.

**FIRST Robotics Competition (FRC)**

**Club Member • September 2022 – June 2023**  
**Honorary President • September 2023 – June 2024**

**Team RAMS#7729**

Took part in the school robotics team. Built an approximately 1 cubic meter 120-pound robot. Specialized in the software department. Competed in the FIRST Robotics Competition Istanbul Regional round.

**The Koç School Department of Fine Arts**

**February 2023 – June 2023**

**Master of Ceremonies at Talent Show**

Revived a 3-year dormant school tradition post-pandemic. Planned, structured, and organized the school talent show. Hosted the show. Showcased versatile talents by personally performing skits. Rekindled school spirit.

**The Computer Science and Programming Club (CSPC)**

**September 2022 – June 2023**

*Co-Founder and President.* Designed an intensive introductory computer science curriculum. Taught a class of 20 students. Held weekly lectures.

**Junior Model United Nations Development Program (JMUNDP)**

**2022**

*Head of IT.* Took part as Head of IT in the executive committee of the Koç School's Junior Model United Nations Development Program event, an MUN event entirely organized by the Koç School's high school students. Maintained and managed all IT systems used in the event.

**Uber Global Hackathon**

**June 2022 – September 2022**

Programmed an artificial intelligence program that can diagnose dermatological conditions through a photo of the affected area. Created a mobile app that lets the users interact with the AI. Created a demonstration video and presented the project in front of a live panel of judges consisting of members from Crimson Education and Uber. Placed top 5 in the region that consists of the Middle East, Russia, Central Asia, Central America, and South America.

**Koç Aviation Club**

**September 2021 – June 2022**

Collaborated with a team of 5 to build a fully functional 3D-printed model plane, demonstrating strong teamwork and hands-on skills. Programmed an internally used web service that monitors the 3D printing process for each component of the plane.

**SKILLS**

**Languages**

- Native **Turkish**
- Full Professional **English**
- Elementary **German**

**Technical Skills**

- Proficient in Python, Go, JavaScript/TypeScript, Java, and Rust programming languages.
- Web programming using *React*, *Next.js*, and *Svelte.js*.
- Blockchain programming in the *Solidity* programming language.
- Artificial intelligence programming with *TensorFlow* and *Keras*.
- Web design and prototyping using *Figma*.
- Proficient in the design and usage of document-based and *SQL* relational databases.
